

# Royal Aeronautical Society Seattle Branch

The Royal Aeronautical Society Seattle Branch Invites you to:

***“Insitu ~ unmanned aircraft and their impact on decision making”***

*With*

## **Jim Wood**

Sr. Manager of Product Development  
Autonomous Systems  
Insitu Inc., A Boeing Company

*‘Decision Making Superiority Delivered’* is Insitu’s motto because it is the definition of our business. Unmanned aircraft provide the ability to collect data in highly complex locations; whether in a warzone, a wildfire, or in a remote industrial setting. Real time rapid data has changed the way that our users make decisions. Jim Wood will discuss the history of Insitu and how Insitu delivers end to end technologies for collecting, processing, and distributing information.

**October 1, 2019 – 6:30 PM**

**William M. Allen Theater, Museum of Flight – Seattle,  
Free Admission – Open to the Public**

**TO:**

**Aviation Enthusiasts**
